

NOTICE OF CHANGE IN LIBRARY ACCESS EFFECTIVE November 30, 2016

Dear NWH Library Users:

On November 30, 2016, the NWH Library Portal will fully integrate with the Northwell Library portal. This Library is completely electronic and available from anywhere with Internet access. There are over 14,000 journals, books and media resources available to you from this site.

Nwestchester.tdnetdiscover.com will no longer be active after this date.

You will access Library information resources through the **Northwell Intranet** using your **Universal ID and Password**. A picture of their homepage is attached.

For items not available through this library, you simply have to fill out the **Interlibrary Loan form** and select **Northern Westchester Hospital** as your institution and the request will be sent to my attention.

If you are a physician on the NWH Medical Staff, you will be contacted by the NWH Medical Staff Office when your IDS are available.

In the interim, please contact me for any of your information needs at jkaplan1@nwhc.net.

I continue to be available to you for all your information questions and needs and am happy to review the Northwell Library site with anyone interested.

Janie

Janie Kaplan, MLn

Welcome to the Northwell Health Electronic Medical Information Library (EMIL), accessible remotely and on campus. EMIL is the gateway to search databases, e-textbooks, journal articles, reference materials, and other information resources.

For any technical difficulties or problems accessing the full text contact emil@northwell.edu

For problems or questions with accessing EMIL via mobile devices contact emilmobile@northwell.edu or click here for instructions.

The link to UpToDate is active again via RAP. If you continue to have a problem accessing UpToDate via RAP, please refresh your web browser. If there is still a problem, contact emil@northwell.edu. We also encourage you to try out the DynaMed resource for an alternative to UpToDate.
