Lenox Hill Hospital is a 634-bed, acute care hospital located on Manhattan’s Upper East Side. The hospital is particularly well known for excellence in internal medicine, cardiovascular disease, orthopaedics, sports medicine, otolaryngology/head and neck surgery, and maternal/child health. The hospital is also a recognized leader in health education and community outreach.

Medical School
Lenox Hill Hospital serves as a clinical campus for the Hofstra Northwell Health School of Medicine, which is owned by the health system in a partnership with Hofstra University.
